

Save our neighbourhood!

Don't wait until it's too late

This would:

- eliminate 30-40% of the precious green space available to Doversquare families and their children
- jeopardize a safe and well-lit path used by neighborhood residents
- overburden already busy community facilities and resources - the subway, library, park and recreation centre
- increase traffic and parking problems
- impose an extended and disruptive period of construction
- lower property values

A massive new high rise development is proposed for Dufferin Grove.

Only community action can stop it !

Owners of the Doversquare complex, at Bloor and Dovercourt, plan a 4th high rise with nearly 300 more units, 17 townhouses and a road on an already dense site.

Intensification in the downtown area should not threaten the vitality of existing neighbourhoods.

Do we want another St. James Town?

Together we can oppose warehousing of tenants and keep life in Dufferin Grove on a human scale.
